

7<sup>th</sup> December 2023

Dear parents/carers

Our Design and Technology focus this term is food technology. The project will provide an opportunity for the children to design, make and evaluate a scone. The final product will be consumed in school.

Below is a table that lists the planned ingredients and products that the children will be testing. Please tick ✓ the appropriate box in the Yes /No column to inform us if your child can taste and handle these items and ingredients.

If there are any specific allergies, dietary requirements and/or cultural and religious customs that your child’s class teacher needs to be aware of, please provide details on the return slip below.

As part of the design process, you will be asked to supply any extra ingredients that your child wishes to use in their recipe, in addition to those mentioned below. We remind you that no **nut** based ingredients will be permitted on the school premises for health and safety reasons.

If you would like to discuss this further please contact your child’s class teacher using the year group email address: **year6@branfil.havering.sch.uk**

Kind regards  
Miss Bain, Mrs White and Miss Philpot

Name..... Class.....

**Food and Nutrition in DT ingredients response**

Please return to your child’s class teacher.
