

Tuesday 7th November 2023

Dear parents/carers of Year 4 children,

Multiplication Tables Check (MTC) workshop - 16th November 2023 - 9.15-10.15 - Main Hall

All Year 4 children are expected to complete a statutory assessment known as the Multiplication Tables Check (MTC). This is scheduled to take place during the month of June. The check consists of 25 times table questions up to 12x12. We strive for all children to do their best in this check as we firmly believe that a good knowledge as well as a quick recall of times table facts will enhance their achievement in maths during primary school and beyond. Therefore, we aim to fully prepare your child for this check.

We would like to invite you to a workshop on 16th November, 9.15-10.15 where you will be given the opportunity to explore the many ways you can further support your child with their times tables learning at home. During the session, I will explain more about the MTC, how we are supporting your child in school and what to expect. After the initial meeting, you will get the chance to practise some fun and engaging times tables activities with your child that you can then replicate at home.

For those unable to attend the workshop, resources will be sent home at the end of the day.

We look forward to seeing you on Thursday 16th November

Yours sincerely

Mrs Daly

Year 4 Lead
